Thread: [Could bytes page have a simplified view option?](#)

**Black Hat** - February 19, 2019, 8:33 am

Maybe a dataframe like:

Donations | Received: 0 | Sent: 0 |

-----  
BlackJack | Earned: 100 | Lost: 19 | Played: 50

Lotteries | Earned: 900 | Lost: 700 | Played: 7

Scratch Cards | Earned: 75 | Lost: 90 | Played: 165

Slots Machines | Earned: 0 | Lost: 0 | Played: 0

-----  
Forum Features | Earned: 0

-----  
Total Staked: 809

Total in: 1075

Total out: 809

Balance: 525

I just think it would be nice to have all the individual byte history and some game stat history stored into a single data frame because you have to click the individual game stats or click through pages of byte history.

**TouchMe** - February 19, 2019, 9:52 am

Agreed, that would be a nice feature.

**Omniscient** - February 19, 2019, 1:06 pm

Not at this time. Some of those stats also could be large queries.

Are we going to be able to earn bytes from the jobs and crews game?

Good point actually I never really took the query into consideration.

Yes and No. The game will function off "cash" or "game cash" and there will be conversion to Bytes.
