Thread: [Can I sticky a marketplace place thread into a non-marketplace section?](#)

Black Hat - February 20, 2019, 9:11 am

Say I have a thread which is in the marketplace can I purchase a sticky for that thread and put it in somewhere such as the lounge?

I don't think you can with the lounge but I've seen stickied threads in the Beginner Hacking section which isn't a part of the marketplace so I'm sure you're able to. Maybe just not the lounge.

Yes you can, just buy a sticky for that section.

I can purchase it right now but I don't want a marketplace violation.

You can purchase a sticky anywhere besides RANF & Marketplace Discussions I believe.

Thanks for clarification guys.

Just make sure to post the sales thread in the marketplace first. Then sticky bot will move it wherever you specify.
