Me and MagnetR Uid-3942859 are running this together.

FAQ

What about safety features?

Safety was a highly important part of the development. That's why we added several security algorithms to keep your accounts safe. When MagnetR detects any potential harm, it stops, reduces or changes the actions. It also has a smartphone simulation.

How many new followers can I get using this app?

Some users gain 50 per day, some users gain even hundreds. It all depends on the quality of your content and how relevant the targeting is.

How easy is this to use?

MagnetR will handle everything for you. It will auto follow/unfollow, auto like and even upload photos of your wish, you can even set a schedule up.

Which payments are you accepting?

You can pay with Credit card and Paypal through MagnetR, BTC is also possible.

Is this a money making method?

No, this is not a money-making method. MagnetR is a bot which promotes and grow your Instagram account. Indeed, you can easily use the account you're growing for making money easily without any issues.

Are you offering support, if so for how long?

I and MagnetR will be more than glad to support you through issues and keep in touch with you 24/7 when needed, we will always be available for you.
