Someone may do that tho nice deal, but FYI dicey isn't tradable. Haha

Looking for some more offers. Would prefer to sell them all in one go rather than heaps of small trades.

\$750 BTC for everything tradable except Eclipse.

test - February 25, 2019, 6:17 pm

Taking offers for probably 1 month. If no interest I'll get rid of them ridiculously cheap to Lavish or something. Provided he's still interested in a month.

Open to offers. It won't be cheap since there are only 12 and will never be more.

Celibate - April 9, 2019, 9:38 pm

Are you open to offers on flamer and the nazi award?

Nopee - April 9, 2019, 9:38 pm

Since you have a price drop of that.

I'll go 650\$ with the eclipse.
