Thread: [Switching themes redirects to hackforums.neF instead of .net](#)

isu - February 22, 2019, 12:40 pm

Hey there, I've encountered this problem when I wanted to switch the theme. Not sure if it's like this for a reason or not, but I guess it can be looked into. Thanks!

It only does that on the index page.

Meow - February 22, 2019, 12:42 pm

I tried changing the theme from this thread and it worked.
