Honest CPA

Because Honesty is the Best Policy

About Honest CPA

Honest CPA is a no-nonsense guide to finding your footing in the world of CPA. It has everything you need to get you started and even includes the needed files to start with a fully editable landing page included.

Having grown tired of the constant state of the eBook market, I decided to write up my method and bring it to the proverbial table with a low price to make it affordable to all.

The package includes a 1,200-word step-by-baby-step tutorial, an 800-word bonus guide, 3 methods to drive traffic, a solid, high-converting landing page that's highly customizable and includes comments to explain where to change elements to fit and my dedication for support via Skype or Teamviewer.

(Feb 23, 2019 09:32 AM)SORRIE Wrote: [\[CITE\]](#) Took a look through the process in the guide, everything looks very legit and there is a solid amount of information just spoonfed to you. A huge addition to the value of this ebook is the landing page that's included, it allows you to literally have a running income source within 30 minutes of purchasing this. Effexion is a great guy and this guide is

more than worth the \$7 price right now.

I have bought CPA guides for 30-50 that arent half this good and dont have anything of tangible value, don't hesitate to purchase this

Effexion walks you throughout the whole process, so you don't need any kind of experience to start earning.

Overall, this is a great eBook for those beginners who want to start earning online, and for it's price, this is a steal.

Do not hesitate to buy this.

Effexion works hard in CPA, he really knows his stuff about it.

Good luck with sales, man.

Effexion - February 23, 2019, 12:33 pm

Remember, folks. This will probably go up to around \$15 to \$20 in the next two days.

Hi bro, I'm interested! Does the method work with paid or free traffic? Is it related to IG or YouTube? Is it possible to make, for example, \$ 100 a day with this method? Thanks

Yes, the guide will work fine with free traffic. While YouTube and IG aren't really covered, they can be used if you like. \$100a day is possible but you would need to keep scaling and it won't be instant.

Effexion - February 24, 2019, 1:03 pm

I have kept the price down despite having sold the three copies. I have also updated the guide.

Thanks for the review, mate. Enjoy the eBook and just holler if you need anything. Just because it was a vouch copy, it doesn't mean you're not entitled to support.

Looks promising. Thanks, Effexion.

This looks like one of the few genuine ebooks out there, I'd like to give it a try even tho I never had success with CPA.

Can you PM me more info? Does it involve building rewards wall sites? Is it blackhat or whitehat?
