Cool. One more question, is it instant?

EDIT: Just realised you said "Most orders will take within 24-48 hours. Depending on how many you need, prices will vary."

So, I assume it's not instant.

I will buy 100k. I'll PM you soon. Not home atm.

Thanks.

Awesome! I would love to do this for you. I might be able to get this done in less than 24 hours since I'm not busy with many orders right now.

Start a contract with me, and PM your snapchat username and password (feel free to change the password) at your earliest convenience.
