Post any images/screenshots (or videos perhaps) that you can provide as evidence of the scam. Include a short explanation for every image.

I'm suspecting that even though no mention of offsite reputation, this is an attempt to imposter scam.

Confirmed with the real Laziz from Sythe that this is an imposter

I guarantee you he bought the L33T 6-Month Upgrade for \$20, To scam for anything above that to make a simple profit, all he has to do is target a new member says he wont go first and link them to a hq off-site profile. Scum.
