Thread: [\[\\$650\] Selling Gaming Laptop - \(I can ship worldwide\) \(GTX 1070\) \(i7\) \(16GB\)](#)

Power - February 28, 2019, 5:01 pm

Hey guys,

So I've decided HF was a better option to sell on than eBay because I'm sick of waiting 21 days for my money to become available to use.

I bought a PowerSpec 1710 laptop for college a little over a year ago. I'm now finished with college and want to buy a desktop for programming along with my work laptop hence why I don't need it anymore. I am also listing it on Craigslist so if I sell it on that, I will close this. For those of you who have never heard of PowerSpec, it is Micro Center's house brand. It has a 4.4 out of 5 star reviews on Micro Center's website. The only thing I didn't like about this laptop is the fan noise.

Link to website:

<https://www.microcenter.com/product/486482/powerspec-1710-173-gaming-laptop-computer---black>

I have the original laptop box, paper manual, & receipt. If needed, I can provide proof I purchased it.
?

Original Price: \$1,699.99

C/O: \$0.00

BIN: \$650.00 (BTC/ETH/LTC/WU only unless you are VERY trustworthy and/or I've known you for awhile, I will also accept Western Union if it's easier for you). I do not accept PayPal currently.

Yes, I will ship worldwide, but anything over \$40 you will have to pay. I will provide tracking as well.

LolYour reply is kinda misleading as prob the CPU+GPU of this laptop might cost 600\$+ for a desktop build.

There's absolutely nothing wrong with it, it actually has somewhere around 81 days left of the warranty I purchased with it. :)

\$400 bud zelle lmk outbid

bboyrican - March 31, 2019, 1:38 pm

What sucks about u not selling it yet is you probably would have already sold it on ebay and got your money by now lol.. Such a good deal you have too. Wondering why no one has bought it yet.

Honey Singh - *March 31, 2019, 8:02 pm*

Hi everyone,

Laptop can be sexy as fuck. (Open your eyes)

Always use middleman no matter what even if you're getting for \$100. (Don't be greedy at all)

This can be great for both Seller and Buyer. :)
