I live this show. Does anyone else think that the machine in the show is real

muddy0o1 - March 3, 2019, 8:02 am

ya, i think it could be like a alexa or cortana or something, im sure there are machines like this already

Prettykitty - March 3, 2019, 2:58 pm

Yes we are coming closer and closer to that. I think the NSA and many other topics in this show is spot on.

Slankey™ - March 3, 2019, 4:27 pm

Fucking love this show. The last episode is amaze balls.

its one of my favourite shows no doubt. It seems the machine achieved a sentient state in the show. Don't think that this is real
