Thread: [Why do people hate battlefront 2?](#)

I just got star wars battlefront2 (I know, pretty late) but I enjoy it. I'm wondering why there was so much dislike from everyone when it came out. Seems like a good, solid game to me

It was due to its huge amount of microtransactions iirc

The OG Battlefront 2 was HEAPS better, but in "this day of vidya gaming" the fortnite kids won't agree.

edit: lol fuck I just realized this was over a month ago :x

I could play the OG Battlefront for hours, days. LOL.

New one doesn't even come close, you just can't capture that same happiness.

Yeah that's exactly how I feel, the old one was too lit to quit, and the new ones just scream Microtransactions and normies :(
No Nostalgia, No epic saber battles like in bf2

I blame game physics, new Battlefront is just too realistic to be dynamic and fun, the movement is

really slow and well, shit.

To be fair, that's most games these days. They try and make everything "Too real, and not as enjoyable"

Yeah, it's 100% true, battlefront had no physics and it's 2000x the game.
