Buy with confidence! This man is a beast. Bought 2 brand new games from him in the last 2 weeks. Amazing customer service and super fast replies! He goes above and beyond.

One small tip for everyone who's buying from him: MAKE SURE YOU FOLLOW HIS INSTRUCTIONS CAREFULLY! Yesterday I made a mistake and ended up costing him an account.

He was very nice about it and replaced it for me.

Goodluck mate! Will buy more soon!!!

Write me in skype or telegram when you are ready to buy the game.

Are these accounts cracked?
If yes, how often are they recovered by the owners?
If no, games are bought with blackhat methods?
Can you check if they have multiple games?

What about the PS Plus sale, what's that about?

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
