I'm selling victims for your rat. ?

You do not need crypter I will make you reach your victims

Others sell executions

? 50victims for \$20 PM HERE

I can change the price when I want

1-have the executable link of your exe ready

2-If your rat does not look well confirmed after payment, wait 2 days in your configuration

If you need your rat setup, you know

3-\$50 Configuration

Wait, you're selling 40 installs for \$10 and asking for \$50 for a RAT setup? Am I missing something here? Those prices seem steep.

What's the demographic of these slaves?

I'm specifically looking from ones from the US.

Any from other countries are just cannon fodder.
