Thread: [Vendor List](#)

Omniscient - March 6, 2019, 12:49 pm

We have just implemented a new Vendor feature. Technically it's for everyone to use but it's a list of Vendors we hope will benefit the community overall.

You can reach the Vendor List from your Market CP. Here is a direct link:

<https://hackforums.net/marketcp.php?action=vendorlist>

As a Vendor you have a new option when you edit your Vendor Profile to select your "Featured Forum". By doing this it will display on the Vendor List as a link which will then open a search page with all the threads you've created in that section. So let's say you feature the PSS. A click on the link will show all your threads in PSS. We believe this may help sellers.

As a buyer (non-Vendors) you'll be able to use the Vendor List to find active Vendors on the site. You can sort the list by Featured Forum, Completed Contracts, or by B-Rating percentage. It can easily help you connect with reputable Vendors with a lot of activity.

Enjoy and thank you.

Nice feature, this will come handy. Thank you.

Atila - March 6, 2019, 12:55 pm

Really not bad, nice work as always!

isu - March 6, 2019, 12:56 pm

Awesome feature. I've found a small bug though, will update when I'm on PC

Slankey™ - March 6, 2019, 12:56 pm

How much is it to be a vendor again?

Nachfolger - March 6, 2019, 12:56 pm

Nice idea. It might be beneficial to add a note that HF doesn't endorse any sales with these members. The title "vendor" implies that HF has some sort of contract or association with the members.

Just my take.

The fee is \$100 to be a vendor.

RCE - March 6, 2019, 12:59 pm

Thanks for a nice feature, also I think its a good idea if a Vendor will have an option to add into their

profile (visible/not visible) so when he is online and he has chosen the visible option, the buyer will be able to check in the current online vendors.

Bluffer - March 6, 2019, 1:01 pm

Great addition! I was actually thinking of suggesting this but didn't know if it would be considered as the site being involved in deals or not.

This is a really good idea, glad to see it here. It's another incentive for offering quality products and having happy customers is being listed as one of the top sellers here.

flavoral - March 6, 2019, 1:01 pm

Just took a look on it, it looks pretty clean!

Pikachu - March 6, 2019, 1:02 pm

I like this new feature, makes it easier to communicate and find other vendors even if they are offline. It is also very simple to use and look through. Great job!

Geass - March 6, 2019, 1:08 pm

I didn't expect so many vendors to say the truth :P

(Mar 6, 2019 01:57 PM)Deal Wrote: [\[CITE\]](#) The fee is \$100 to be a vendor.
I was wondering is it lifetime or something like 6 months subscription?

StevesTrolls - March 6, 2019, 1:09 pm

Looks like a great feature to supplement all of the new vendor functions.

One thing I have noticed is that when you apply a custom sort (For example - by name), then proceed to the next page - all of the paginated links default back to sorting by number of completed contracts.

Is the page dependent on having V3ndor set as the primary userbar?

No a Vendor can choose whichever userbar they want to wear and still appear on the page.

iNviZ - March 6, 2019, 1:52 pm

Great addition, I like how the list starts from Vendor members with the highest B rating.

Zexi - March 6, 2019, 1:55 pm

Nice little feature. Gratz to Tslam being the Vendor with the highest B rating on HF.

I might apply for Vendor too if i have spare 100\$ in the upcoming days.

Can't believe someone has 500+ contracts.

Wow

If you go through the B-ratings majority of the contracts is with the same user. Not saying there's something wrong with that, but it's slightly less impressive.

Think you're reading into something that's not there, my dude. I said it felt slightly less impressive, not that it wasn't smart.

Wow

Not really a crazy thing when it comes to account sellers, especially if you are a successful one at that like Tslam.
