Thread: [Free Dating/Confidence Course {Limited Time}](#)

GoldenFrost - March 7, 2019, 9:46 am

Hello there,

I created this course to help young guys with understanding the "Rules" of Dating that nobody has told them.

I am looking for Testimonials for it because I am going to be adding to this in the future and am possibly going to sell it as a course if it is helpful.

If you are interested comment below saying: "I want it" and I'll send you the link.

I am fully intending on remaking it in higher quality. My purpose for this is to get feedback/Testimonials for the quality of the course.

Thanks for your help ?

The session is a video series. So you can learn at your own pace.
