Thread: [EDU EMAIL | \\$1.99| .edu email for unlimited Google Drive Amazon & Twitch Prime and +](#)

Dr. Einyel - March 7, 2019, 10:50 am

Hey!

Before you continue, know that I made a \$9.99 guide for HF users about how to do this YOURSELF, step by step, very explicit.

But it's a long process and maybe you could want someone to do this for you.

Someone = me.

If you want to do it yourself, you may get a copy of this method in my thread:

<https://hackforums.net/showthread.php?tid=5947800>

If you want me to create an .EDU email for you, it's only \$1.99 BTC, so let's do it!
[contract=tid]Get Email Now[/contract]

Note: this won't get you a custom name like "yourname@example.edu". It will create one with random numbers, but it will be a legit .edu email and created only for your own personal use.

With an .edu email you'll get free benefits!

For example:

"Google Drive - Unlimited Google Drive storage, Amazon Prime 180 days free (and later a big discount), Google Apps for Education, Discounted Adobe CC, Microsoft Dreamspark, Autodesk Software, MindSumo, Github student, RipTiger, Office 365, RoboForm - World's best Password Manager(Like 1Password and Lastpass) \$19.95/yr FREE, AutoDesk - Get all AutoDesk and AutoCAD softwares for FREE, LastPass - 6-months free LastPass Premium Password Manager, Bitbucket - Get free unlimited user source code hosting, Fetch Softworks (Mac Only) - Free Fetch software full-futures file transfer client for the Apple. FREE, The Washington Post - Free unlimited digital access with .edu e-mail address, Apple Music - Up to 50% off, pay \$4.99/m, iDrive - 50% Off Online Backup, Connectify - 75% Off services from \$7, UNiDAYS - Free registration that verifies student status and allows participating retailers to generate a coupon code for the online discount, Student beans - Free registration that verifies student status and allows participating retailers to generate a coupon code for the online discount, Squarespace, Discounted voucher for Comptia, Jetbrains, And a lot more...."

If not, please be a lil more specific.
