Thread: [US Non-VoIP Voice/SMS/Text Phone Verifications | textverified | Free Vouch Copies](#)

ppaida - March 8, 2019, 10:58 am

Hello everyone! This is our new thread created to be compliant with the updated Marketplace rules.

We are textverified and we provide non-VoIP US numbers for phone verifications. All of our numbers come directly from major US carriers--We do not resell. We support SMS/Text and Voice/Phone Call verifications for all major apps, rewards programs, and websites. We also provide rental numbers for extended use. Verifications can be completed via our automated portal.

We are handing out vouch copies if your account is older than this thread. You must reply here before requesting a vouch copy.

[Reply and request a free vouch!](#)

Our prices range between \$0.50 - \$1.33 per verification with our "Best Value" offering.

What we offer:

USA-based phone numbers for text and SMS verification

Fully automated & 24/7 availability - no need to wait for IM or chat

Support for all major websites, apps, and rewards programs

Clean and simple UI that just works

Real-time & transparent service availability

We guarantee you will receive your code or your money back

Come check us out today!

Thanks OP for the vouch. Text verification worked perfectly for Lyft, unfortunately, they won't credit my account as the number is USA based, and I'm in Canada. Unfortunately I won't be using the site since all the numbers are USA only, but if I was in the US this service is great, fast and automatic online,

VOUCH REVIEW:

Excellent service and very easy to use. With TextVerified credit, I was able to verify a yahoo email with ease. I've tried VOIP numbers and they did not work. All I did was enter the number that was provided on TextVerified and I received a yahoo code within seconds. I highly recommend this service. Very convenient too. ?

Hello everyone! This is our new thread created to be compliant with the updated Marketplace rules.

We are textverified and we provide non-VoIP US numbers for phone verifications. All of our numbers come directly from major US carriers--We do not resell. We support SMS/Text and Voice/Phone Call verifications for all major apps, rewards programs, and websites. We also provide rental numbers for extended use. Verifications can be completed via our automated portal.

We are handing out vouch copies if your account is older than this thread. You must reply here before requesting a vouch copy.

[Reply and request a free vouch!](#)

Our prices range between \$0.50 - \$1.33 per verification with our "Best Value" offering.

What we offer:

USA-based phone numbers for text and SMS verification

Fully automated & 24/7 availability - no need to wait for IM or chat

Support for all major websites, apps, and rewards programs

Clean and simple UI that just works

Real-time & transparent service availability

We guarantee you will receive your code or your money back

Received the vouch copy and used it to verify CashApp.
Everything went smooth and fast! I find it cheap aswell and will be using it in the future.

For those who wondering, a single verification for CashApp will cost you \$1.25 (if not Surged).
If you find a service that's being highly demanded (surge price), just wait a few minutes or couple hours, the price will drop :)

Thank you very much Op!

Hello, I would like to receive a vouch copy to test the service. Thank you!

Prem1umSeller - April 24, 2020, 2:20 pm

looks nice and i would like to receive a vouch

Saul Zentsman - April 24, 2020, 10:26 pm

Got free credits, courtesy of Op.

Very easy to use interface and got verified within seconds on a particularly hard-to-get-in website.

The website is a bit hard on Browser though, my 16 gigs of RAM struggled a bit.

Excellent service.

Dafuq - April 25, 2020, 7:33 pm

Hi, I checked the pricing and it said that [BRAND NAME REMOVED] verification cost 15 credits then I added 600 credits to the account, now it says that [BRAND NAME REMOVED] verification will cost 35 credits? that's \$3 per verification. Is that normal??

Your account age/activity doesn't meet our requirements. Sorry!

You can try out our service for just \$2. If it doesn't work for you, just let us know and we'll issue you a refund.

There are times when so many people are requesting verifications that there aren't enough numbers to help verify them all. Time of day or special promotions, for instance, may cause unusually large numbers of people to want verifications all at the same time.

In these cases of very high demand, verification costs may increase to help ensure those who need a verification can get one. This system is called surge pricing, and it lets us continue to be a reliable choice.

got any IM info to contact ?

Some questions -

1) Can i buy 1 sms number and use it for multiple apps ? Whats the cost of using 1 number for multiple apps?

2) If i accidentally logout of the app that i used , can i re-verify using the same number ? If yes whats the cost?
3) Is your service reliable for long term usage ? I am looking to buy a good package of your credits so need surety that your website will be working.\

Thanks <3

Thanks <3The fastest method for communication would require you to create and account on our website and contact us through our customer service.

1. We provide verification by service not by phone number. Different apps/service have different costs and you will have to visit our verification page for the most up to date cost.
2. Our standard verifications are for 1 time use only. If you need long term use we do offer rentals in 7 day increments
3. We have no plans on being out of business if that is what you are wondering.

Surge pricing was implemented to increase the price when we have a dramatic shortage of verifications. You might be seeing no availability at all had we run of of capacity. We are working to expand capacity however with COVID-19 still active it is has been a slow process and unfortunately [BRAND NAME REMOVED] is one of the service which can use however much we add. Hi!

Thanks for the vouch copy!
The service works great, have verified an account. Will be buying more for other verifications.
But what is it about surge pricing?

Surge pricing was implemented to increase the price when we have a dramatic shortage of verifications. In these cases of very high demand, verification costs increases to slow down demand to ensure those who need a verification can get one. Surge pricing lets us continue to be a reliable choice.

Dont think my account is old enough for vouch copy but very interested in this service. Looking into it further.

Since im REALLY close to the deadline anyway i can still get a vouch copy? Then looking forward to a bit of work otherwise.
