Thread: [Needing a logo for my underground rsps community](#)

Tizen - March 9, 2019, 5:37 am

Hello, I need a basic logo making for my rsps botting community

Size: 224x75

Colour Scheme: Black with dark grey highlights and a hint of orange here and there.

Render/Image: Robot / Abstract coding blended in background

Text: AutoPS

Anything else: Its for a community that focuses on automation software so some indication of software, coding or something.

Very Complicated - March 9, 2019, 6:09 am

Hey, just whipped this up quickly. It's very amateuristic, but let me know what you think.
