Hi this works worldwide except for Australia and a few asian countries. However, the referral amount change from \$5 to \$10 is possible only in US.

Other countries get what uber app shows in free rides section.

You need to add a physical debit or credit card, only then it would work, alternatively, use apple pay/ google pay or paypal kind of methods.

Interested in buying rides, are rides same thing as Uber credit?

botmun - August 31, 2020, 8:09 am
