General posting rules

2. No short, low-quality posts like "bump", "lol", "roflmao", "thanks" and any repeated characters to defeat the minimum character count.

Marketplace rules

How do I bump my sales thread?

You don't do so with LQP and you are not allowed to post/bump/delete either. PBD is where you make a new reply in your thread, wait for another post, which bumps your thread then you delete the post. We take PBD seriously and you can be instantly banned and your sales thread closed for doing so. If you want your thread bumped you should make a quality post that positively affects your sales thread or responds to a pertinent reply to another post. Posts like "I'm online now" are not acceptable.

As you can read here OP, gravedigging is not against the rules.

Just make sure to follow the HF posting etiquettes and you'll be good to go.
