Introduction

The time has come to start a feedback thread. I have been around the scene for quite a while. I will be covering a few different things in this thread, going across groups, staff, policy changes, and more.

Please note i do not mean to offend anyone in this thread simply just stating my opinion.

Why Did I Join

Well to tell you the truth, i dont have such a big reason to why I joined, i have been around the Hackforums community for a few years before making a account, I have known some members that guided me towards hackforums, EG Th3PonyWizard, on skype, he used to have SECHUB, which i dont know if that was ever on HF, but people used to share links there. The things such as Lizard Squad and Vin Cat, brought HF closer to my eyes as i used to be in fluent contact with members, on teamspeak servers ETC, so only time would make it that i would register. There are many users that have helped me along the way and made my stay at HF, as good as it ever could Be.

Users That Helped Me

Here are a few of the biggest influences to me from HF, weather they are still active or not is another question.

ThePonyWizard - This user helped me along with hundreds of other members, to develop ourselves and i owe my hacking career to this user.

Sinister/Aurora - Me and Him go way back, he has Helped more than a handful of users achieve success along with teaching users to stay Mature.

Mommy- This user has held it down from day one, being genuinely a kind person and supporting me through the year.

Bitcoin Luxury - What more can i say, Genuinely the kindest member to ever reach HF.

Business - Always Provided My With Music

Vitani - Always a nice chat

Thornzz - Funny Lad

MLT - Great Friend

Andrus - I have known this user for a while, we handle numerous projects together, all i can say is a great guy.

Veridian - Simply helpful

DamianVC - You're basically my family.

Okeep - Humble person

SysAdmin - Me and you go way Back

Zues - The real homie from day. YOu will never come across a more loyal HF member like zues, treat him well

Group Opinions

Legends - I know a few of the leaders personally, and all i can say is that Legends do great things.

Samaritans - A Good group to be in, eventually became leader.

Sociopaths - Great Group Sad To be Leaving

Infamous - You will and always be the best group on the forum.

Staff

Omniscient - Good Admin, a lot of people are scared to PM him which is silly just tred carefully and dont be an idiot. Has the forums best intentions at heart.

Xerotic - Nice to see a dev as staff, can take a joke i like.

Vitani - This user should be admin

Why am i leaving?

Well to put it simply, HF is too much of a time waste for me, i will self ban shortly for 6 months but dont expect me to ever be back, once 6 months is over depending on how i feel i may return if not i will request account closure. It was a nice journey, look forward to being back and still having my sexy Vendor anad see the progress.

Jokes on you thread ratings have been removed

I wish you the best of luck my friend. It was always a pleasure reading your posts, they were always

high quality. That is something HF community is missing a lot of these days.

It will be sad to see you leave, however I know based on reading through your post, it will likely be what is best for you. Taking all this time you spend on the forum and putting it toward something more productive or to improve your life in some sort of way, is commendable.

I never understand these kinds of threads D:

Cheers though mate and good luck with whatever is next.

We have a love hate thing going on boo ? I look forward to see what you do in 6 months

Vitani - March 14, 2019, 11:06 am

It sucks to see you leave. For better or worse, you managed to spice up the conversations on HF. Just take a vacation ban and take some time for yourself. You might change your mind once a bit of time has passed.

Thanks for the shoutout(s) :)

PerfectStorm - March 14, 2019, 11:08 am

Sad to see you go. I would take Vitani's advice If I were you.

Good luck.

Pray - March 14, 2019, 11:10 am

I saw you everywhere so it sucks to see you leave, but if you think that it'll be the best thing for you, go with it. Good luck!

Omniscient - March 14, 2019, 11:38 am

I bet he sends me a contact with a month asking for the vacation to be lifted. Oh well.

Bye bye OP in either case. Best of luck.
