Thread: [How Spending OSRS gold Can Earn You More Gold - OSRS Money Making](#)

rsorderforgame - March 16, 2019, 1:52 am

A lot of players are a little hesitant to spending their hard-earned OSRS gold, which is reasonable since it usually takes much longer to earn the gold back. Today we are discussing how spending your OSRS gold earns you more RuneScape money in the long run. Should you need to buy OSRS gold for an armour upgrading, leveling, or some better supplies, be sure to check out the OSRS gold page.

Stamina Potions

A stamina potion restores 20% of the player's run energy per dose and reduces the rate that Run energy depletes while running by 70% for 2 minutes. It costs 50K rsgp/H to use Stamina potions consistently.

Let's take the Blast furnace for example. You have to use a lot of Run energy when you are running back and forth the entire time. Normally, you could make 4,000 Steel bars an hour with Stamina potions, but then, you can only make 3,425 bars an hour. Using Stamina potions, the profit of making Steel bars is 450K rsgp/H, but without Stamina potions, it's 380K rsgp/h. It's only a 20K more rsgp/H difference, but it is more profit and you get more Smithing XP per hour.

Steel bars are also on the low end of the spectrum too. Even with the Coal being pretty high in price, you can make up to 1M rsgp/H doing Rune bars, but without Stamina potions, it's only 850K rsgp/H instead. The 150K more gp made minus 50K gp spent on Stamina potions -- you profit an extra 100K gp just by using Stamina potions. So investing some OSRS gold on the Stamina potions is a good method for you.

Training Skills

Construction and Prayer are both fairly expensive skills to train, but there are a huge benefit.

Construction

Level 1-84 Construction costs you 21m OSRS gold if you use Oak planks. The upgraded house can slowly save you some money in the long run since you don't need to buy any jewelry like the Ring of dueling, Amulet of glory, or Games necklace. The most important thing you'll save is Time since you only need house teleport to go anywhere.

At Level 82 Construction, you can upgrade your Fancy rejuvenation pool to Ornate rejuvenation pool using a Crystal saw and a +5 Spicy stew boost. The Ornate rejuvenation pool is built in the Superior garden of a player-owned house as a place where you can restore your hitpoints, special attack energy, run energy, prayer points, any reduced stats, and cure poison.

It is an extremely popular pool among players as it functions similarly to the Clan Wars portal (with rings of dueling) and Elidinis Statuette (with the Desert amulet 4) in the player's own house, and is significantly cheaper when it comes to time investment compared to the Desert amulet 4.

You can also make an Occult altar which costs another 11M OSRS gold, but you'll never need to

travel to an altar to change an spellbook again. It saves you a lot of time and can bring you more convenience in the long run.

Don't forget that you can also plant a Spirit tree and a Fairy ring in your house. A spirit tree allows you to teleport to other spirit trees. A Fairy ring provides a relatively fast and easy means for accessing often remote sites and other realms in Old School RuneScape.

In total, an upgraded house can not only help you get back the OSRS gold you've spent on upgrading, but also make all your constant activities more convenient and much quicker.

Prayer

At level 70 Prayer, you can do the King's Ransom to unlock Piety.

Below is a look at the DPS against Skeletal Wyvern with Ultimate strength and Incredible reflexes compared to using Piety.

Piety is over 9% faster on the DPS, but assuming that you are not attacking all the time, you have to bank or pick up your stuff etc., we'll take 75% of that increase, then it is 6.8% faster to use Piety. Killing Skeletal Wyverns has a profit of 750K OSRS gold per hour, but by using Piety, you could get 800K OSRS gold per hour. The extra gp will make up for the money you've spent over time, and using Piety to kill bosses is going to make the fight a lot easier in the long run, so the convenience factor is still in there too.

Rigour

Regiour requires 74 Prayer and 70 Defence to use. Below is the DPS comparison when using the best in slot gear on Vorkash, but the difference is Rigour vs Eagle Eye.

It's the 7.2% difference, and we take that 75% like before since you're not fighting all the time. So Rigour is 5.4% increase in kills per hour.

Killing Vorkash earns you 2M OSRS gold per hour with good stats and gear if you use Eagle Eye, but the increase in speed from Rigour gives a profit of 2.1M OSRS gold per hour. With the extra 100K rsgp/H, it will take a long time to get the 72M OSRS gold you've spent on Rigour, but Vorkath is not the only monster you can use Rigour on. Rigour is widely usable since Range is generally the best Combat method for whatever boss you're going to do. And of course, don't forget the convenience it brings which is one of the biggest things that makes the fight easier, faster, and more enjoyable, then it's worth the money.

Keep in mind that all these numbers are quick estimate. They can change over the time, and the price may change over time too. For a lot of level and gear upgrades, it can be expensive, but it will increase the amount of rsgp you make per hour which can increase the limit and how much OSRS gold you can make overall

Should you need on RuneScape money making, be sure to bookmark out RuneScape news page. We have a Slayer money making guide to making money with one of the most profitable skills in Old School RuneScape. There is also a RuneScape 3: 1-99 Melee Guide that contains one of the most profitable monsters - Frost Dragons which can be killed for a good amount of RS3 Gold. RSorder also offers Fire cape OSRS service for you to get one of the best Melee capes with no effort.

Sadly, this is copy pasted from

<https://www.mmogah.com/news/rs/how-spending-osrs-gold-can-earn-you-more-gold-osrs-money-making>

What is your goal here? Looks like you intend to promote rsorder later on?

Warzones - March 16, 2019, 9:44 am

Lol, it's like that Ajax line.

la_madrina - April 30, 2019, 4:42 am

Even tho its copied, still had something about it

Timo - April 30, 2019, 10:38 am

I know it's copied but i used to hoard my gold instead of buying upgrades/investing in gear.

Switched that mindset and made a lot more progress (520m in items/supplies/skillingsupplies now, and only 4m cashstack).

Hoarding is where it's at. I never like having less than atleast a max stack. I recently sold a fair bit and when I was under a bil I was in panik mode lmao. Coins are better than items my dude.fuck items

G3722 - May 1, 2019, 2:11 am

Why would you just copy and paste this shit lol

demarco - May 17, 2019, 6:49 pm

LOOL you even copied the gold site plug at the beginning.
