Thread: [If You Could Choose One Anime To Come To Real Life?](#)

UrLocalNewbie - March 20, 2019, 12:05 pm

As the title suggests. If you could choose an anime to somehow exist in the real world from A-Z. What would it be?

I've always had that fantasy when i was a kid, and watching Naruto at a young age only made me wish my fantasy was more true than ever (spitting fire out of my mouth, cloning myself,etc..), but you know you start to think more logical or "real world-y" when you grow up.

Hunter x Hunter. Nen just seems fascinating, and the HxH world is amazing.
