Thread: [Filling Up Ebates accounts \[\\$50-\\$500\] 50%](#)

**carmeldog** - March 22, 2019, 6:08 am

Hey, I'm filling up Ebates accounts for 50% of the value, I can do anywhere between \$50 and \$500 per account. I can either make the account for you, or you provide me with your account. Pm me if you have any questions.

Doing a vouch copy for 2 people at 25% of the value. Lmk

Hmm interesting.

I have a couple of questions.

Can this be used world wide?

What is the payout time and how do you recieve your money? Through bank / walmart giftcards or there own currency ?

Is the "currency " you use to fill up the account in any way connected with blackhat activities?

Kind regards.

Kind regards. I believe Ebates can be used in US, Canada, China, Japan, Singapore and South Korea. They payout 4 times a year and you're able to find the schedule on their website. You receive your money through the mail or through PayPal. And no, this is 100% legal and whitehat.

Your a new account w/ no rep. I'll take a vouch copy if you do it for free instead of the 25%
