Once I'm able to increase my stock levels the prices will reduce.

Would like to buy 2 GC with PayPal, is that possible?
Exchange rates to BTC are expensive, so i prefer using my own PP balance.

Thanks

These are codes to apply on US accounts, not accounts themselves. :)

How much it's 1 year of UHD ?

Anova - April 26, 2019, 7:46 pm

(Apr 26, 2019 04:22 PM)xf0xalz Wrote: [\[CITE\]](#) How much it's 1 year of UHD ?

The price increased from \$13.99/m to \$15.99/m, so 12 months of UHD (Premium plan, 4 screens) is about \$192. With these cards you can get a year for around \$58.
