Thread: [SM Automated | Cloud Instagram Bot | Unique Features](#)

SellerMerchant - March 27, 2019, 2:21 am

[SMAutomated.com](#) is a powerful Bot Tool that handles all of your Instagram activities on complete auto pilot. This great tool will handle your Post Schedules, Auto Comment, Auto DM, Auto Like, Auto Follow, Unfollow & More.

Grow your followers, Plan your schedule, your workflows, your goals.

Auto Post to Instagram

With SMAutomated.com you can post instantly to multiple Instagram accounts at once, saving you time and energy.

Great Design

With a slick, user-friendly and responsive design, you can easily manage your SMAutomated account from any device. No technical knowledge required, just a few clicks away!

Great Support

Support responds almost instantly. You can rest assured that we got you covered in times of need. Simply click the messenger icon at the bottom right of any page and we will get in touch with you asap.

SCHEDULE/INSTANT POSTING

Schedule and Post Instantly to Multiple Accounts from one Dashboard

Schedule Posting

With SMAutomated, you can plan your posts to Infinity. You can schedule Weekend Only posts or Schedule posts on special anniversary days.

Instant Posting

You do not need your mobile device to post to Instagram. You can post instantly to multiple Instagram accounts with SMAutomated.

Save Captions

You can save unlimited captions to SMAutomated This captions can be used later while planning your posts.

Post Statistics

Track your Instagram account post statistics and activities. This enables you to know the growth rate of your account.

Photo Type Post Supported

SMAutomated supports all Instagram Post Type

Photos

Schedule Photos from SMAutomated directly to your Instagram Account.

Story

SMAutomated is one of the few tools that supports Instagram Story post format.

Album

Post multiple images at once using the album post type. SMAutomated lets you manually arrange your album photos accordingly before publishing.

IMAGE CLOUD IMPORT

Automatically import images from your cloud accounts to your SMAutomated account. This will ease your Instagram marketing campaigns as you are not tied to a particular device for Images and videos.

Import From Google Drive

Pick Images from your Google Drive Account. And share to your Instagram accounts automatically.

Import From Dropbox

Pick Images from your Dropbox Account. And post directly to your Instagram accounts.

Import From One Drive

Import Images from your One Drive Account. And post directly to your Instagram accounts.

Upload From Device

Upload photos and videos from your PC or Mobile device directly to SMAutomated. Uploaded Images are saved to your SMAutomated account for later use.

MULTIPLE ACCOUNTS

Manage Multiple Instagram Accounts on one Dashboard

Manage up to 3 Instagram accounts on one dashboard. With SMAutomated, all account data and statistics are available to you with just a few clicks away. You do not need to log out to switch accounts. Select multiple accounts to post to all at once.

ACCOUNT SAFETY

Detailed Safety Measure Against Instagram Ban

We understand how difficult it is to auto post to Instagram due to constant banning of accounts. However, we have analysed all of these measures and come up with modules to protect you against ban.

Spintax Support

SMAutomated supports the use of spintax so you can switch the text in your posts and comments.

Free Proxy

SMAutomated provides you with shared proxies and also gives you the option to use your own.

The "here" link has a typo.Fixed, thank you for reporting it ?

Pretendgamers - March 27, 2019, 7:29 am

Posting for later, Will defiantly be looking at getting this. Quick question will it Auto DM people when a new post is put up on my account as i've been looking for a bot that does this. Thank you

Begginer - March 27, 2019, 8:49 am

Looks awesome, might try later with mi Fitness IG and see how it goes.
