It was crazy. Of course we did a few shows that were smaller, but that's a given on our first run.. Overall a crazy experience. Did 250 tickets in Brooklyn, 100+ in Boston and almost 500 in our hometown. Been performing with my guys for years now but this was our first time doing shows night after night. mad good practice overall anticipating bigger stages

Dope... should hmu, I'm an upcoming artist/producer from over here (metro NY area). Would be dope to work with a fellow HFer.

PM me
