Thread: [Free Ub3r Upgrade to 3p1c+l33t](#)

Omniscient - March 28, 2019, 12:06 pm

If you were L33t+3p1c you just got a free upgrade into Ub3r permanently. This was done due to the deletion of the 3p1c group. Those who were just 3p1c but not l33t were simply moved into l33t group.

Enjoy and thank you.

Roberto Scorpius Malfoy - March 28, 2019, 12:09 pm

That's pretty generous of you Omni!

Joel - March 28, 2019, 12:13 pm

I woke up today to being L33t. Went to work and came home. Had another look and I was Ub3r!

Thanks for this Omni I appreciate it :)

Evocator-Dev - March 28, 2019, 12:17 pm

That's nice. At first I thought l33t was completely deleted too.

Any plans on l33ts or its gonna stay as it is?

Zeus - March 28, 2019, 12:19 pm

Sounds great seeing alot more blue about ?

Just wondering do r00t users have to upgrade yearly what's happening with that or do we keep it perm?

Likely stay as is. Enough group changes for now. This should be the end of it.

We have L33t, Ub3r and Vendor.

For l33t we have a permanent and a 6-month subscription. For ub3r you can only upgrade for 1 year at \$25. If you're already in the Ub3r group you are permanent.

Likely all new features will either go into groups or have a Bytes fee instead.

Hacker - March 28, 2019, 12:35 pm

I have l33t and had the ep1c upgrade too... but it still shows as l33t and not ub3r.

I had leet and epic, then r00t and epic. But I didn't want any compensation for losing epic. In fact I would of loved to have the diamond of hell award but I don't think any compensation would have been an option.

"You're" - I won't point out all the other spelling/grammar errors because I have better things to focus on.

I'm definitely not kissing ass, I think it's stupid to ask for an award just because you owned both. I have ub3r and epic too, you still get all the abilities they have + you get all the rOOt abilities. Why give everyone an award when they lost nothing?
