I'm sure at one point of time you would have heard songs from Linkin Park. Also, there may be one or two die-hard fans like me here too.

Do share your favorite tracks.

Have been playing this on loop today : <https://www.youtube.com/watch?v=n1PCW0C1aiM>

I love all their old tracks.

Breaking the habit.

Crawling.

Papercut.

These are my favorites.

You should also try their new songs, except for last album.

Check out Haunting Party.. It's almost similar to the first couple of albums

I used to listen to their music when I was younger, it was an amazing band and amazing music.

My favorite songs would be Given Up and Castle of Glass.

Haven't heard their music in a while.

Normally not a rock guy, will check it out when I'm free though!

Then go for their other albums. Other than last one every one of them were awesome.

This one song from last album was good too.

Btw maybe you know, I was looking for an LP song for a long time which I used to listen a very long time ago. The song was starting with some kind of western melody(just like on the cowboy movies), I don't know how to tell it but it may be helpful. Did you remember such kind of LP song?

Mercury - March 29, 2019, 2:58 pm

Every track on the Reanimation album was exceptional. I remember when I was a kid my parents had the CD. It was quite literally the soundtrack of my early years.

UrLocalNewbie - March 29, 2019, 4:09 pm

i love listening to their old tracks from time to time. I actually am listening to breaking a habit just now when i came across this thread.

I'd say my favourite are Numb and Breaking a habit (there's probably more but i can only recall the music, i didn't know the name as a kid, just listened and enjoyed)

Kale - March 29, 2019, 4:24 pm

This was the video that got me into Linkin Park. <https://www.youtube.com/watch?v=swEoiraOM6A>

It's difficult to get it like that haha :)

Maybe from the first two albums.

Just go to youtube and check the playlist. You may get much easily. I'm curious to know which one it is :)

You should really try out their other albums too. They are really good, except for last one.

If you liked this, you will really like song like Shadows of the day, One more Light.

Check them out when you're free.

CueBasE - March 30, 2019, 9:21 am

I was a HUGE LP fan back in the day. I was broken up over Chester's death. LP was the go to music for kids going through shit but not showing the world like goths or emos.

I loved every song on Meteora and Hybrid Theory.
