The newcomer first came to report

Hello, I would like to release a paid task, which section is suitable for the release of the task, please

A friend who knows, please let me know. Thank you.

Is it safe and reliable to publish paid tasks in the forum? Do you have any friends who have posted paid assignments on the forum?

The rules of the forum are very important, and we must all abide by them ?

If its paid task/service then this should be the most suitable section [Service Offerings](#) | [Service Requests](#)

If its something small [Rewards and Small Favors](#)

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.
