Hollywood Undead - March 30, 2019, 12:14 pm

Used to use Interwebz a few years ago. What's big now?

vad0x - March 30, 2019, 12:18 pm

prob Aimware im guessing. Havnt been to this side of HF in a while lol

Astraxi - March 30, 2019, 12:31 pm

Aimware, onetap and skeet. I would recommend onetap for hvh.

L0RE - March 30, 2019, 12:56 pm

For the most secure cheat I'd recommend Bithax

For most features, I'd say Satan5 or BlackSectorSolutions

int - March 30, 2019, 7:20 pm

aimware then skeet, in that order.

others are just temporary garbage that will be around for 1 week

SIM-3970461 - March 30, 2019, 7:57 pm

skeet, aimware, onetap.

don't really see anything else that can compete tbh. All other "invite only" cheats are complete dog shit. Claim they're good but in reality it's bad.

Cocaine - March 30, 2019, 8:35 pm

Aimware is one of the big ones right now among others.

forevaplo - March 31, 2019, 12:07 am

Currently it's aimware skeet fatality.

What's onetap?

flez - March 31, 2019, 9:17 am

The biggest in terms of popularity as of 2019; skeet, aimware, onetap & fatality

Best to worst; skeet, aimware, fatality & onetap

Biggest in terms of users; aimware

I'd say onetap is better than fatality. But still has a shit ton of issues. Not gonna lie.

What's onetap?

A cheat where you'll be lucky if you can even get your config to save.

El Chapo Guzman - March 31, 2019, 11:08 pm

Yep sure, So I've been hvhing for awhile. I would recommend Aimware for Nospread HvH. I would recommend Skeet for spread HvH. I would recommend HashCsgo for legit.

netpulse - April 13, 2019, 2:54 pm

Legit-wise, unityhacks.
