Our is capitalized because it's the start of the sentence/statement.
first isn't capitalized because it's a non-primary word, mid-sentence.
HF is capitalized because it's a acronym.
King is capitalized because it's the name of the user group, and to emphasize a significance. Like capitalizing God :p

You need to refresh the CSS files. Let me find the links Omni posted.

It's a cool kings crown award.

Update: Refresh these here
