Thread: [\[\\$50\] Windows UAC Bypass](#)

Son of Morning - April 1, 2019, 6:10 pm

Hello, I have a Windows UAC bypass builder which wraps around your download. Simply send me your file and I'll return the new executable which runs as admin.

Devices:

Windows 7, Windows 8, Windows 10

PM me to get started!

50 per program? sounds like a good investment

not.

bypasses uac lol?
it needs admin

useless
