Hi bro! Is it necessary to invest money? Do you have to sell something or talk to people? English is not my native language, is it necessary to have a perfect command of the English language?
Thanks

Could I grab that vouch copy? Happy to write a very detailed review.

I've been here for a few years now and have brought a donk load of products which end up getting saturated or that are overused.

This sounds like an ultimate scam, 1 vouch copy that you will give an HQ member overtime? I suggest everybody here to wait for a review before buying this.

So, with this method you don't use bets but the bonuses that the betting sites make available (this is a small explanation, but you always earn even if the method doesn't work) if you want to send me a pm and I'll link the method

There is a scammer selling gambling methods to the community scamming people with different usernames.

I'm not saying this method is a fraud or this user is a scammer since I don't know him.

I'm just asking you (the buyer) to be careful with this kind of offers. Lot of people scammed lately.

If this is an honest thread I wish you good luck.
