Thread: [Custom MyBB Themes](#)

N1ghtm4re - April 4, 2019, 2:25 pm

Hi,

I will design you a MyBB theme for \$100 \$250.

Here's my latest design: <https://imgur.com/a/lepUpWu>

I have more if you'd like to see. Your design will be somewhat similar to what you see, I can do Dark and Light themes. It won't take too long for the theme to be complete after all requisitions are listed and payment is sent.

If you're looking for a theme, please PM me.

Thanks

I don't have a ton made, Only a few that I've done for fun really. If you're looking to get one made though I can send them to you. Otherwise I'd rather not go through the effort of gathering all the screenshots (not to be rude, I don't know if that comes off rude or not haha)

Thanks
