Read all of my PM's yet ignored every single one. It's been over an hour, no money was received whatsoever.

Scamming is bad enough but scamming for \$10 is a disgrace.

Dotexe - April 6, 2019, 6:55 am

I am sure he will solve this but it sucks to force you open a DD in order to complete his job.

Effexion - April 6, 2019, 7:00 am

Damn, man. If he's reading your PMs and not answering it looks like he has no intention of paying you ?.

Winds - April 6, 2019, 7:05 am

I don't think he'll scam for \$10, but it sucks that you need to open a dispute to get paid.

Riyu - April 6, 2019, 7:06 am

He viewed this thread and didn't respond :/

BTC - April 6, 2019, 7:07 am

Wait what, it's \$10 I'm so confused

I gave out like \$30 to random members last night just cause I won the lottery ?

No way he is scamming for just \$10

I already sent you paypal. Check your account.

But yeah, I did got a little late.

You didnt have to open dispute, leave neg and all other stuff though, lol.

Well yeah. You could have responded to his PMs. Course he had to take steps.

His last PM to me was transaction link.

I'm just reading from this:

"Read all of my PM's yet ignored every single one. It's been over an hour, no money was received whatsoever."

TridentX - April 6, 2019, 8:02 am

Thanks for the neg Mr. Professor.

I probably deserved it. How dare I call out someone's shitty business practices.

I hope you go on a neg spree.

I guess he was referring to the transaction link message.

Whatever, "dispute" is solved now.

Australia target next ?

Novica - April 6, 2019, 8:44 am

Saw and ignored two of my PM's even though he was online the whole time. A single PM saying he'll pay in "x" minutes or hours would be fine.

Couldn't care less about those 10 bucks, just wanted to warn the community.
