Everyone of us is good in something different so it doesn't matter if you are newbie or skilled spreader you always find something good for you. If you don't get at least 100 bots per day with this there is probably fail somewhere else.

My review:

I personally think its a good ebook for starters could really help someone who is very basic or maybe needs a refresh on how to spread with ease although some parts are worded strange I still would rate this a 5/5 :D
