Watch this video ?

It costs less than AIO coolers. ?

Na because my 1600x runs cool with a H7 and MX-4 thermal paste. This whole water cool everything including your VRMs is bullshit pulled from the PCMR subreddit.

I have oil cooling ?

Astrogen - April 7, 2019, 7:19 pm

I can't even afford a nice pc. just some old pc which is cheaper than buying a water cooling system

lol - April 7, 2019, 9:39 pm

It's not that I cannot afford. I just don't need to watercool the whole computer. I have AIO - NZXT X62 for CPU and I hardly play.

Just saving my money to buy a super sport bike.

Go for Dry Ice: ?

I'd recommend Liquid Nitrogen ?
