Thread: [BITCOIN GAMBLING , MAKE 40\\$ PER DAY WITHOUT DOING ANYTHING !!!](#)

TheFragger - April 7, 2019, 5:46 pm

Hi everyone !

After buying some gambling scripts and methods and got disappointed for not doing any profit or barely, i was so deceived because i was loosing money and no one wants to loose , everyone wanna gain profit .

So i said why not creating and trying some NEW settings and trying them out for a period of time and see if i make some real money and stopping buying other's people settings and selling mine which is 90 % profitable?

So far i have made tons of money for doing absolutely NOTHING !! Easy isnt it ? Why don't you do it yourself .

I will guide you all the way of the process about it and you can set it up on different accounts so you double up your money .

I am using 4 settings and i will sell all of them in 1 pack .

Investment : Each setting has it's own minimal investment . The lowest one is 5 \$ (risky) the highest one is 20 \$ (Low risk) , the more you deposit the more your profit . (REMEMBER THAT THIS IS GAMBLING !!!!! YOU CAN LOOSE , IM NOT RESPONSIBLE FOR ANY LOOSES ! BUT SO FAR I HAVE WON PRATICALLY ALL THE TIME I INVESTED !!!!!)

I will be giving out 2 vouch copies for REPUTED members ONLY for a detailed review of my product . After that there will be no more vouch copies.

(2/2) Vouch Copies given .

We can also use a MM and the fees will be payed by you.

After buying it i will guide you with a full 1-1 mentorship .

You can message me on discord : KissKiss#1544 or here in pm !

Payment method : Bitcoin only.

Price : 60 \$ (First 10 people to buy it will get a 10 % discount) (0 / 10) Copies sold !

If you have any questions or inquiries, please ask me it is my job to answer your questions !

Note 1 : THE FULL SETTINGS ARE DONE BY ME, NOTHING IS LEAKED !

Note 2 : If you buy the product and you leak it or resell it you will be reported and you will no longer get advantages of my product.

Profit proofs :
can't post as i dont have enough posts but you can dm me for it.

Your discord isn't working, just PM me.

EDIT: Jk, you posted it wrong, you need another capital.

EDIT 2: Basically, this method is just gambling, all in all just a website. Doesn't really offer anything other than the website, the settings aren't really anything special. Definitely not worth the \$60 price tag.

Im not insulting your product but if you can make \$40 a day or whatever you should have 1 guide, 1 product that does this. Buyers shouldnt need 4 different guides in order to do this. You get what im saying?

TheFragger - April 9, 2019, 3:26 pm

I didn't said you were insulting my produt :D , just stated that he didn't even review it to see if it works or something like that

Yes i do understand what you said bud

I'm not knocking the product at all, I was just saying that the information itself doesn't seem worth the price he's selling it at. If anything, he's selling the settings or "4 different guides" themselves, and even those are probabilities. The website is extremely public, all in all, I just don't see it being worth so much.

That is exactly what i said, And my point. 4 guides shouldn't constitute as \$40 per day etc.

Should be just 1 guide?

You can consider them as "bonuses "

Id actually consider them as selling a load of guides to make some quick cash, if im personally honest
