Thread: [\[Blockchain.poker\] Play BTC poker with me. No confirmations or registration needed!](#)

Deal - April 9, 2019, 2:30 am

Found this site called Blockchain.poker.
No registration is needed, and deposits are fast.

I just deposited like \$10 to see if the site was legit.
Would be fun to play with some users on HF.

[Click here to play.](#)

Note that I am not in any way affiliated with the site.

Oh, and the site is mobile friendly as well.

Cool man! Am looking forward to playing with you, good luck.

Also, the site is very inactive, so if lots of HF users wants to play there it's almost guaranteed that they will have tables for themselves at any blind level.

it's a bit disingenuous to say you're not affiliated with the site and posting an affiliate link at the
same time, I'll check out the site regardless.

Actually none of the other users used the affiliate link. Didn't know they had an affiliate program.
Just happened to notice while me and some of the other dudes were playing. So I thought, why not
use it while it is there? No point in not doing so.

Bro I been playing on this for 6 hours ever since I saw this post.

Everybody on this website does not know how to play poker at all. Even when I come across other

people who are level 20 they are SO EASY. People won't even call my bluff.

I literally put in \$15 and made \$450 this is just getting ridiculous ? I probably wasting time at this point, 6 hours for the amount I made is really not much but this is fun.
