Thread: [OTR solution on jabber](#)

4evagrateful - April 9, 2019, 1:53 pm

i have been trying to message someone using pidgin but i keep getting

?OTR:AAMCiESBOwAAAAAAAAADEu6ucXNkHo3O2ARMUYdyhgOAraE6kq6qLicxDTKcRx1jvHo1RX5tXhNSjoaSa2Nz4CMKIsDWSglls/TdQJMQcPY9ZXV4jO7W7FYkCXbdIY26e3D8c7hdxh5U7WGjXrhZne0K/YwpaK84RojkuLBd5l8aJM4rC8JqWZahFYHjeves5JxXt75WB0YoDdPRxA1giOdDMG0iKHnQHob12umC6FU6amhlpH+MV517TP1tJE6S3DPgEtfk7ax9PSe3GqlasCMY41AAAACD+Ac10SZkrLeI+so44cA85mqGCE4Q9JsREpaGP1GETeA==.

and also

For security reasons, OTR encryption is required for conversations on this server

Faith Connors - April 9, 2019, 1:56 pm

well are you using the otr plugin?
what client are you using?

Weird question, have you made sure you enabled the OTR plugin in Pidgin? I sometimes forget to enable it after installing the plugin.

Usually that means your client doesn't recognize OTR, or you two haven't successfully shared keys. Does it show the green text with "Private Conversation" ?
