Thread: [Kagomes Cpa Help Desk - Niches, Seo , YT, Ads](#)

Kagome - April 9, 2019, 3:49 pm

Hi everyone I'm willing to help any that is in need of help with starting cpa or just getting those last few ranks in seo to rank#1

I've made almost \$4k in all throughout Cpagrip,Cpabuild, and Ogads!

My experience with Cpa is SEO (ranked quite a few Niches on google) , Yt (Ranked for power rangers legacy wars , \$50-70 a day but video got deleted After a month :/), and then I promoted on Cpagrip with fb Ads for free iPhone ? in fr eventually Facebook banned me so that was fun while it lasted haha).

Earnings From Cpagrip + Cpabuild :

I would not advise you to run incentive offers with that kind of account.
Look into adult offers, that'd be much more lucrative. With incentives, well the payout is shit, and depending on how you do it - could entirely fuck your page up.

You recommend any network? Or any type of offers you'd suggest? I tried a smartlink with CR for a day and had no conversions.

Yep there we go.... This user was highly fishy in my eyes..... Reps and B Ratings highly boosted.

He was trying to sell SEO Services and I tried to ask litte questions about this as I am pretty good at

SEO myself and this fool put me on his ignorelist and negged me ?
