Thread: [\(FREE MONEY\) Many free spins with no wagering requirements \(deposit required 18+\)](#)

IniGo - April 10, 2019, 3:43 am

This works if done exactly like described. If you start to gamble your money, you will likely lose, as on all casinos. Its all about withdrawing the cash money from free spins without ever wagering your own!

All explained here. Use if you have money, and want some more free. ? ?

It has nothing to do with mathed betting. It's just casino that offers free spin with no wagering requirements and no minimal withdrawal. You can deposit, spin 100 free spins, and withdraw all without ever paying for a single spin, out of ur deposited money

My bad, I didnt take out the space. I mean signing up for free spins etc is a massive part of matched betting..

Good luck though

Noone said it was special, why do you think its posted here in free section? Many will not know, not all watch tv and stuff.

Fact is you can get free money, no matter who knows it already and whatnot

This has nothing to with what i posted. This is just plain old free spins, that pay out in cash. I dont see what the big deal is. If people dont want the free money, just stay away.
