Thread: [Is it me or does some sections moved around?](#)

mrnapolean1 - April 10, 2019, 2:49 pm

The section Hacks, Exploits, and Various Discussions is where General Topics should be.

The Rules Announcements and Feedback "Official Information" section is under the Hack Tab.

Nothing else seems out of line.

Same for me, still not used to it, been few days tho

Maplie - April 10, 2019, 2:59 pm

I thought't that was how it was meant to be haha. I think it's a good idea though, it will bring more people to the hacking section which is good.

Can't be it has been like that for a few days, I seriously just realized it. Has it really?

Xerotic - April 10, 2019, 3:07 pm

The "Common" tab was changed to "Life" and now contains the entirety of [General Topics](#) and was moved from Tab #1 to Tab #2.

The "Hack" tab was moved from Tab #2 to Tab #1 and it gained [Hack Forums Official Information](#)

Is there a reason for this change?

Of course there is.

Maplie - April 10, 2019, 3:22 pm

It's a hacking site after all, so hacking should be at the forefront of the forum.

DOG - April 10, 2019, 3:56 pm

Personally I love the way it is now!

Nice changes!

Cryptic™ - April 10, 2019, 3:57 pm

I was looking for the lounge today and was like wtf. It was moved to life lol

I'm guessing it's because of "branding". I mean this is "hack forums" after all lol. I agree that the main page should be "hacking" related, plus the front page was a bit confusing for new people trying to figure out all the sections.

saw this the other day And I kinda like it but feel like it is weird.

Sigma - April 10, 2019, 5:08 pm

I like it this way, more organized!

Omniscient - April 10, 2019, 5:19 pm

This is how it used to be actually.

VoIPv2 - April 10, 2019, 5:46 pm

The new look feels weird to me, but I'm sure people will get used to it.

Thanks for the response. It just means I have to click another button to get to where I go. But nonetheless thanks.

Oh, what was the reason the General Topics (Life now) was placed in the 1st tab before?

Prettykitty - April 12, 2019, 12:21 pm

This brings me back to the good old days.

Good to see you still here!

PerfectStorm - April 13, 2019, 3:45 pm

Hmm I haven't really noticed sections moved around.

Blogger - April 13, 2019, 4:22 pm

I like it this way. This is Hack Forums and hacking should be the main focus, not The Lounge.

Hopsin - April 13, 2019, 5:00 pm

This is how it should stay too.

stopifucan - April 16, 2019, 2:03 am

We will get use to with time of course..

123 - April 17, 2019, 6:32 am

Never mind, we are getting used to this new change.
