What can we do with this Winrar Exploit?

**Ramb0x** - April 14, 2019, 5:58 pm

Bypass gmail filters for starters.

**ladushka** - December 7, 2019, 9:22 am

danger! edwin software is scammer! he tooks money and then ignores you!!

**naxster** - December 9, 2019, 9:06 am

Not that I recommend this software since it might be full of viruses, I haven't tested it nor I will, but the software is literally free...

How did he even take money from you? :/

And why did you even give him money? -.-
