Haha, you think you will be able to help me with this graphic? I need it because in my country you need doctor approval for the medicine I need for my face. (Complicated)

I need this asap

It's hard for me to explain I don't think you understand me well, as English is not my main language.

Anyway if you can help then help, if not please do not reply.

If your question is if you or me doing something illegal then the answer is NO.
