Thread: [How will you be watching Game of Thrones?](#)

Anima - April 12, 2019, 3:53 pm

The new season of game of thrones is almost upon us. How will you be watching it? Personally I'm in the UK so I have no idea what the fuck I'll be doing, any suggestions?

Also have a little fun by doing a GoT death pool! <https://deathpool.wikiiofthrones.com/>

Astrogen - April 12, 2019, 4:33 pm

despite the trend, I still haven't watched got though. If I have time, I'll probably watch it. Is it really nice or it's just overrated?

I wasn't going to watch GoT because i thought it was overrated but honestly its amazing mate. I highly recommend it

Zexi - April 13, 2019, 2:24 am

Last season i was waiting till all the episodes came out and i binge watched them in one night.

This season i wont do that considering i suffer from spoilers from dickhead friends.

I'll try and watch it mate. Still have to finish a watchlist (around 4+ movies) and watch GoT after.

I wonder if the leaks will be as bad as last season though because i ended up knowing what happened before the episodes came out. was pretty crap

How many seasons have been released? How long is each ep and how many ep per season? Thanks. Will probably start watching it tomorrow. Or continue MCU and watch GoT the next day.

7 Seasons (Season 8 airs tomorrow) 10 episodes a season at around 50 mins each

Bacardi Cola Lime - April 13, 2019, 2:55 am

I'm really excited about it. All the fans were waiting for it and now it's a day far. I still can't decide if I want to watch an episode each week at its release or just wait a bit more and binge watch. Who am I kidding though, I will break a few days in ?

Bill Gates - April 13, 2019, 2:57 am

On a tv, whenever I remember it's been on.

Thanks. Will watch around 1 -5 episodes per day.

DrDoof - April 13, 2019, 3:11 am

Been eagerly following GoT since season 3 and this long wait since the last season has been really painful. Was gonna watch it with a close friend of mine but he stood me up so I'll just be watching it alone in my room most likely.

Holy shit it's so impossible to answer those questions. Literally anyone or no one could die tomorrow.

802.1X - April 13, 2019, 3:17 am

Sky Atlantic air the 1st episode in the UK at the same time as the US airs it. So if you have Sky tv, as most folks have in the UK, you'll be sorted for watching it. The second episode will resume airing at the regular UK time.

So the 2nd episode will air at 9pm uk time? This is the only time having Sky TV is actually useful ?

Curse - April 13, 2019, 1:10 pm

iNviZ - April 13, 2019, 1:17 pm

Yea, the second episode will air at the 9pm time, as normal until the end of the season. Checked it on the scheduler myself.

I binged all 7 seasons in two weeks. I wonder how hard it will be to kill White Walker's dragon.

123 - April 13, 2019, 2:42 pm

In India it is available on Hotstar Premium. If you are from any other country maybe torrent is the best option.

Not hard in my opinion since Dany got 2 dragons with her.

Can we just go ahead and all agree that if Jon Snow was going to die he'd be dead already?

Khaleesi will die half way into the final episode. Same with Cerse.

realsunjester - April 13, 2019, 2:43 pm

Hulu I guess, or through my HBO prime membership

I have a feeling that the battle will only last ~5 episodes. Probably wrong though

xHeaven - April 15, 2019, 3:05 am

Mr.Magnificent - April 15, 2019, 7:25 am

I'm so frustraded that I cannot watch it on Netflix.

I'm almost forced to pay for another streaming service just to watch GoT....

I've never started watchning because of this but I wanted to start for a while
