Thread: [Anyone need a roommate in Los Angeles?](#)

Elara - April 16, 2019, 4:34 am

What's up, Lounge! I'm from the Midwest, and I'm planning on moving out west to SoCal area in September.

My idea is just to pack one back and buy a one way ticket and head out there! I'm 23 and looking for someone that wouldn't mind a roommate for a month or two while I get myself on my feet with a place for myself, etc.! I know..how could I come to HF and ask for a roommate, but hey it's worth the shot!

Anyone living in SoCal area that wouldn't mind a roommate? Lmk!

?

Oran2009 - April 16, 2019, 5:02 am

Not sure anyone in HF would want a roommate. Who knows what they're up to.

Morpheus - April 16, 2019, 5:16 am

There is not the Start Contract button, lol.

Good Luck anyway!

GrandpaSherman - April 16, 2019, 5:17 am

Yeah I don't think anyone on here wants to take in the homeless

Herbert - April 16, 2019, 5:19 am

I have spare room,

Pick me, Pick me!

Be careful OP, never which HF member could SQL inject your butt hole.

Celibate - April 16, 2019, 6:55 am

Bro I got you a room waiting for you.

\$350 a month

I also have a winecooler cabinet that holds nothing but cans of Corona don't go crazy though cause I host parties here every weekend.

int - April 16, 2019, 7:00 am

you can come live here, the chances of 2 serial killers living together would be astronomical!

I can't wait for the update post about how OP got drunk and passed out only to wake up with a big ole dong in his butt.

Herbert - April 16, 2019, 7:41 am

OP we can share my single bed and have the candles on at night just for you, since there is no electricity, I don't have a heater but fear not, we can cuddle to keep our bodies warm

Dope - April 16, 2019, 1:35 pm

I'd be careful with finding completely random roommates from the internet especially. You never know what the other person is up to. Gl though, stay safe. Also don't forget, if something seems too good to be true, it probably is.

I would check Craigslist if you're serious. I'm forced to believe that the vast majority of our userbase is not in the position to take in roommates.

Perhaps try asking their parents. :P

Then..... if I am a serial killer.... that would mean I'm safe from other serial killers?

Dexter is only fictional right?

You'd know a lot about evil Mr. Venezuela.

Can I buy some currency from you? I wan't to frame it in my hall as a tribute to the failings of communism.

Yeah I figured haha. I was just inferring that maybe to be safe from serial killers, you must become the serial killer.

My original offer still stands, but the living conditions have changed. You'll be sharing a room with a young college girl who parties when we party.
