Thread: [needing to activate windows 8.1](#)

Sanchez Sales - April 18, 2019, 6:20 am

So I reinstalled Windows 8.1 and i refuse to pay for a key, So is there a legit activator anywhere or?

Mr.Magnificent - April 18, 2019, 6:20 am

Try the KMS activator(KMSpico), be carefull though. There's alot of them with virusses in them available to download.

Even the original is not legitimate. It was originally created for adware. The creator was a member herr on HF before.

Do not use that garbage ?
