Thread: [Dumb question](#)

Sunniebeta - April 18, 2019, 11:15 pm

How would I change my username? I'm starting to use HF a lot more and my username is stupid lol

You're going to have to upgrade your account. You can do that here:

You have to upgrade to the status of "L33T"

I offer a upgrade service if you don't have the means to get it yourself.

Not really a "dumb" question. I've seen dumb questions before. But you have to be an upgraded user to change your username.
